## SUMMARY

- Entry-level Full Stack Java Developer with strong fundamentals in OOP, Data Structures, and RESTful API design.
- Hands-on experience building Spring Boot applications with Spring MVC, JPA/Hibernate, and SQL databases.
- Proactive learner with experience in Agile collaboration, version control (Git), and clean coding practices.

## SKILLS

Java • Spring Boot • Spring MVC • REST APIs • Spring Security • Spring Data JPA • React • HTML • CSS • JavaScript • SQL • MySQL • Oracle • MongoDB • H2 • Git • Maven • JUnit • Mockito • Microservices • DSA • Multithreading

## PROFESSIONAL EXPERIENCE

Java Developer Intern | Ramana Soft — Feb 2026 – Present, India

- Developing RESTful services using Spring Boot and following layered architecture.
- Implementing CRUD workflows with Spring Data JPA and relational databases.
- Learning CI-friendly workflows with Git, Maven, unit testing (JUnit/Mockito), and deployment basics.
- Collaborating in Agile sprints and participating in code reviews.

## PROJECTS

E-Commerce Web Application | HTML, CSS, Bootstrap, Thymeleaf, Spring Boot

- Designed REST APIs for products, carts, and orders with validation and error handling.
- Implemented CRUD using Spring Data JPA; integrated H2/MySQL for development.
- Built responsive UI with Bootstrap and server-side rendering using Thymeleaf.

Book Store Application | JDBC, JSP, Servlets

- Built MVC-based web app: Servlets (Controller), JSP (View), SQL (Model).
- Implemented dynamic CRUD operations and connection pooling basics.

Drug Tracing in Healthcare Supply Chain | HTML, CSS, Flask, SHA-256

- Implemented transparency workflow using hashing (SHA-256) for data integrity.
- Built lightweight backend services with Flask for secure data flow.

## **EDUCATION**

B.Tech in CSE (AIML) — St. Mary's Group of Institutions, Guntur (2021–2025) | CGPA: 64.26%

Intermediate — Government Junior College, Pittalavanipalem (2019–2021) | CGPA: 83.1%

SSC — Government High School, Pittalavanipalem (2018–2019) | CGPA: 9.7/10

## **CERTIFICATION**

Full Stack Java with AI — Quality Thoughts Institute (2025–26)

- Practical case studies in SQL, Java, Spring Boot; real-world implementations of DSA.

## **SOFT SKILLS**

Analytical Problem-Solving • Fast Learner • Team Collaboration • Communication • Time Management
